Elective Choices
Video
How many electives do I choose?

You will choose 4 electives

- 2 Requests (1st and 2nd choice)
- 2 Alternates (3rd and 4th choice)
Ms. Bickler
Mr. Fulton
Mr. Marshall
Visual Arts

Ms. Martin (Ms. B)
Introduction to Visual Arts Class
with Blake Martin (Miss B)
THE COOLEST THING ABOUT MY CLASS:

Students get to choose the material that they make their art with.
HOW VISUAL ARTS CLASS WORKS:

- After we learn about the Elements & Principles of Art, each class votes for a theme they want to make an artwork about. Students pick a material they are interested in working with, and create an art project using it that relates to the class theme.
MATERIAL OPTIONS

- Tempera Paint
- Watercolor Paint
- Oil Pastel
- Chalk Pastel
- Charcoal
- Paper Mache

- Clay
- Photography
- Embroidery
- Weaving
- Collage
Tempera Paint

- Adventure is Out There
- Mosque with Arabic Text

DISCLAIMER: This class is fun, but it will be CHALLENGING FIRST!

You have to come in EACH DAY focused and ready to work hard.

You will be expected to do daily sketches, write artist’s paragraphs, and plan thoughtfully!
PROJECT PROCESS:

1. **Brainstorming**
   a. Vote on Theme
   b. Color Symbol Image Sheet
   c. Brainstorm Sheet

2. **Planning**
   a. 3 Sketches
   b. Rough Draft of Favorite Idea
   c. Experiment & Practice with Materials

3. **Creating**
   a. Week of class time dedicated to working on final project
   b. In-Progress critique

4. **Reflecting**
   c. Peer Critique
   d. Artist Statement
   e. Post Project on Online Portfolio
Digital Art

Choir
Guitar & Ukulele
Theater

Mr. Pope
Mr. Pope’s Classes
Our 6th grade and intermediate choir classes are designed to enhance the musical, creative and expressive qualities of all students. Musical opportunities are provided for every student to learn the basic skills of singing, sight reading, broadening listening skills and experiencing how music is connected with other cultures and content areas. This is a semester-long choir class and we perform one concert per semester.
Advanced Choir

This is an audition-only choir of 50+ students with prior musical knowledge and skill. This group is designed for the continued development of musical skills, vocal production, and sight singing. Advanced choir will perform at various choral events concerts throughout the year, performing a variety of music from different backgrounds and cultures. Our final performance will be Music in the Parks, a festival in which we’ll compete against other choirs around the region. This is a year-long class and there will be a total of two concerts for the school year!
Theatre Arts

In this class, students will be introduced to the basic concepts of theatre arts. Students will use various creative drama techniques to build confidence, trust, and ensemble (class/group chemistry). Students will be encouraged to use their imagination, engage in movement, and role-play different characters. Students will also learn how to provide constructive critiques to peer performances.
Guitar/Ukulele Class

This is a beginning guitar/ukulele class for students of ANY musical level or background. Topics covered include: guitar anatomy, care of the instrument, tuning, basic chords, reading chord diagrams, notes on the strings, strumming and playing simple melodies. We will provide a guitar and ukulele along with a method packet for students to use in class.

EDIT IN GOOGLE SLIDES

Click on the button under the presentation preview that says "Use as Google Slides Theme".

You will get a copy of this document on your Google Drive and will be able to edit, add or delete slides.

You have to be signed in to your Google account.

EDIT IN POWERPOINT®

Click on the button under the presentation preview that says "Download as PowerPoint template". You will get a .pptx file that you can edit in PowerPoint.

Remember to download and install the fonts used in this presentation (you’ll find the links to the font files needed in the Presentation design slide).

More info on how to use this template at www.slidescarnival.com/help-use-presentation-template

This template is free to use under Creative Commons Attribution license. You can keep the Credits slide or mention SlidesCarnival and other resources used in a slide footer.
HELLO!

I am Jayden Smith
I am here because I love to give presentations.
You can find me at @username
Let's start with the first set of slides
Quotations are commonly printed as a means of inspiration and to invoke philosophical thoughts from the reader.
Here you have a list of items
And some text
But remember not to overload your slides with content

Your audience will listen to you or read the content, but won’t do both.
BIG CONCEPT

Bring the attention of your audience over a key concept using icons or illustrations.
White
Is the color of milk and fresh snow, the color produced by the combination of all the colors of the visible spectrum.

Black
Is the color of coal, ebony, and of outer space. It is the darkest color, the result of the absorption of light.
Yellow
Is the color of gold, butter and ripe lemons. In the spectrum of visible light, yellow is found between green and orange.

Blue
Is the colour of the clear sky and the deep sea. It is located between violet and green on the optical spectrum.

Red
Is the color of blood, and because of this it has historically been associated with sacrifice, danger and courage.
A complex idea can be conveyed with just a single still image, namely making it possible to absorb large amounts of data quickly.
WANT BIG IMPACT? USE BIG IMAGE.
USE DIAGRAMS TO EXPLAIN YOUR IDEAS
AND TABLES TO COMPARE DATA

THANKS!

Any questions?
You can find me at @username & user@mail.me
Special thanks to all the people who made and released these awesome resources for free:

- Presentation template by SlidesCarnival
- Photographs by Unsplash
This presentation uses the following typographies:

- **Titles**: Montserrat Extrabold
- **Body copy**: Montserrat Light

You can download the fonts on this page:

https://www.fontsquirrel.com/fonts/montserrat

You don’t need to keep this slide in your presentation. It’s only here to serve you as a design guide if you need to create new slides or download the fonts to edit the presentation in PowerPoint®.
SlidesCarnival icons are editable shapes.

This means that you can:
- Resize them without losing quality.
- Change fill color and opacity.
- Change line color, width and style.
Isn’t that nice? :)

Example:
Now you can use any emoji as an icon!
And of course it resizes without losing quality and you can change the color.
How? Follow Google instructions
https://twitter.com/googledocs/status/730087240156643328
